How to Make Money Online

1. PTC Site/GPT Program/ Earn from home Surveys:

PTC site refers to Paid-to Click sites. GPT Program refers to Get-paid-to-sites. Both these terms refer to the same concept, wherein these sites act as middlemen between advertisers and consumers. Advertisers pay these websites fees for showing ads. When you logon to these sites, they show you the ads and a pay a part of their income to you. You get paid for signing up for Websites, newsletters, playing games and filling out online surveys. The topics of these sites range from shopping to politics.

To know more about how to make money from this technique read my post - <http://www.shashankgupta.net/how-to-make-money-online/>

SNAPSHOT

Earning potential - 0.001\$ to 0.01\$ per 30 sec of ad viewing

Expertise Level required - Beginner. Ideal for people who don't have specific skills set but want to earn extra money

Investment required - Nil

Where can you start - Clixsense.com, contest2win

2. Create your own Blog/Website

This one requires time, knowledge and some investment in terms of hosting and other technical aspect. It's a perfect money making venture for people with passion for any topic. You might like photography, or be an ardent follower of fashion whatever is your passion (niche), if you are willing to share it with others, you can make money out of it.

You can either create a blog or a website, and add to it information about your area of interest. Fashion bloggers regularly add new fashion and makeup tips, tricks and ideas. You can add any information that you feel will benefit people who have similar interest like you.

To know more about how to make money from this technique read my post - <http://www.shashankgupta.net/how-to-make-money-online/>

SNAPSHOT

Earning potential – 0.001\$ to 0.01\$ per 30 sec of ad viewing

Expertise Level required – Intermediate. Ideal for people who have passion for a particular niche. Engaging communication skills are a must for this.

Investment required – 50-150 \$, for domain name, hosting, theme, plugins, website designer

Where can you start –

3. Publish/Sell eBook

This one is for those who have serious writing aptitude. Pick up a topic, it can be anything under the sun, a sport, hobby, some technique anything that catches your fancy. Research it, read up on it, and write a book on it. In case you have a particular hobby or interest you can write up on that too. For those of you who like creating stories, fiction writing too is hot business.

The essential commodity here is aptitude for writing. If like me you hate writing long stuff, books are not for you. And if you love writing, this is the thing for you on internet. You can publish and sell eBook online independently or by working with companies like Amazon.

To know more about how to make money from this technique read my post - <http://www.shashankgupta.net/how-to-make-money-online/>

SNAPSHOT

Earning potential – 5\$ - 100\$ per sale. Depending on how you price your eBook and how popular it gets.

Expertise Level required – Intermediate. Ideal for people who have passion for writing and researching. The more information you can pack into a book the better it will sell.

Investment required – NIL, you only need your laptop and an internet connection.

Where can you start – Amazon Publishing

4. Design/sell app/ Theme

If you are a technical person with knowhow of designing, computer graphics etc, then here's an opportunity for you to work from home. You can design and sell your own mobile or computer application (app). Also you can design and sell your own themes. Let's look at both these options separately.

Designing application requires knowledge and understanding of the medium you choose to work with. Most of the applications are designed for mobiles nowadays, and amongst them also close to 80-90% application are designed to work with Android operating system.

To know more about how to make money from this technique read my post - <http://www.shashankgupta.net/how-to-make-money-online/>

SNAPSHOT

Earning potential – 10\$ - 100\$ per sale. Depending on how you price your apps/themes and how popular it gets.

Expertise Level required – For making money from this method, you need to have excellent technical skills.

Investment required – If you do not have the designing program then you need to invest in the same, otherwise this is investment free online money making method.

Where can you start – Template Monster, Theme Forest, Google Playstore

5. Set your online store

This one is for those of you who have a businessman or a businesswoman hidden inside them. Setting a physical store entails enormous investment and resources, not to mention the various different permits etc. Online store is your solution to all these problems. No searching for location, no rental agreements, no worrying about security of your store, and no haggling with customers over money.

Online store is perfect for you if you are into making any product that you would like to sell or if you are resourceful enough to procure goods at cheaper price from elsewhere and sell them online at higher prices.

To know more about how to make money from this technique read my post - <http://www.shashankgupta.net/how-to-make-money-online/>

SNAPSHOT

Earning potential – Unlimited. Depending on how you price your products, and how popular it gets.

Expertise Level required – You need good business acumen to earn money from this technique. From choosing the right product, to pricing it well; and most importantly promoting your product in a manner to garner maximum sale; it's all part of running a good online store.

Investment required – 50\$ - 500\$ you will need to invest in product procurement, and setting up of a product delivery channel at least. In case you decide to build your own store, then the investment rises significantly and will reach the upper limits of investment.

Where can you start – Template Monster, Theme Forest, Google Playstore

6. Sell photos online

This one is for all those who love their cameras. Whether you are a full time photographer or you moonlight as one, if you have photos that can speak out for themselves then internet is the best medium for you to express yourself.

There are numerous photo agencies online, which can help you earn a few bucks off your photos. This option is perfect for those with decent camera and with a knack for photography. Of course it is best not to post your personal photographs online; you can use your more generic photos for uploading. In case you choose to upload person photos (photos featuring any person, or persons) you need to ensure that you have informed the person/persons of your intention of uploading the photo online.

To know more about how to make money from this technique read my post - <http://www.shashankgupta.net/how-to-make-money-online/>

SNAPSHOT

Earning potential – 20% on non exclusive photos, upto 60 % for exclusive photos. Depending on how you well your photos sell. Also if you give exclusive rights of your photos to any particular website, you can earn better from them.

Expertise Level required – The better your photography skills, the better you can earn.

Investment required – Nil if you already have a camera or a Smartphone with high megapixel camera.

Where can you start – Shutterstock, Shutterpoint, istockphoto, Fotolia, Dreamstime

7. Online tutor/Webinar

Are you an expert in your subject or work area? Do people come to you to get their queries answered? Do you love sharing your knowledge with others? Do people love listening to your talk on your subject? Then online tutoring is for you. As internet is expanding, more and more products and services are coming online.

Online Tutoring is one such recent addition to the services offered online. If you have the knack for teaching others, but no place to do so, online tutoring is the thing for you. This allows you to tap into students spread across the country and the world. You don't need to own/rent a premise, set up any infrastructure or bother about advertising your services.

To know more about how to make money from this technique read my post - <http://www.shashankgupta.net/how-to-make-money-online/>

SNAPSHOT

Earning potential – From 25 \$ per hour to 500\$ per course. You can choose to price your course or training as per your choice. However most websites do set a minimum pricing or per course, or per hour, below which you cannot set your price. The more popular your course the better you can earn.

Expertise Level required – Good communication skills are a must for this mode of online income. Also required is in-depth knowledge in your chosen area of tutoring.

Investment required – Nil. You are only going to be using your knowledge and communication skills.

Where can you start – 2tion.netor, tutorvista.com, e-tutor, SmartThinking and Tutor.com

8. Affiliate/Reseller

Affiliate links are gaining momentum in Indian markets. As more and more people get comfortable with online shopping the amount of stuff being brought and sold online is increasing by leaps and bounds. If you have brought or sold anything online, you will most likely be familiar with websites like Amazon.in, flipkart.com and many more. Each of these sites runs their own affiliate programs.

Joining these affiliate programs and then using them to earn some money online is becoming a very lucrative online activity. Since this requires no investment from your end it is something anybody can do.

To know more about how to make money from this technique read my post - <http://www.shashankgupta.net/how-to-earn-money-from-flipkart-affiliate-marketing/>

&

<http://www.shashankgupta.net/how-to-make-50k-per-month-amazon-india-affiliate-program/>

SNAPSHOT

Earning potential – 1% to 15% of the MRP of products in case of affiliate. Reseller programs offer higher commission in range of 40-50% of their MRP.

Expertise Level required – You don't really need any expertise for this, although a good knowledge of how consumers make purchase online will help. The more sales you can garner the better will be your income.

Investment required – Nil. All you need to do is promote the affiliate/reseller link. Actual product will be shipped and delivered by the original company only.

Where can you start – Commission Junction or Click Bank have a large pool of products that you can choose from to become reseller of. You can also look for Amazon, Flipkart, and Snapdeal affiliate Programs

9. Buy/Sell Domains&(Flipping)

Domains are what make the internet. Every website you come across, every blog you read (independently owned) has a domain name – i.e. the website's address. For example my domain name is 'ShashankGupta.net'.

Since domains are the online identity of every website buying and selling of domains is a big business in itself. Generally if I want to start a new website, I will think of a name for it, then go on internet and search with the major domain registrar about the availability of the domain. If the domain is available i.e. it is not owned by anybody else I can buy it at really low price of a few \$'s.

To know more about how to make money from this technique read my post – <http://www.shashankgupta.net/how-to-make-money-online/>

SNAPSHOT

Earning potential – Unlimited. The lower you buy, and higher you sell the more money you can make.

Expertise Level required – Good research skills and business acumen is required. If you can sniff a deal from far away then this is the business for you.

Investment required – 10\$ - 100\$, depending on the domain you are buying. The more you invest the more your earning potential. However make sure to invest in the right domains, or you can lose all your investment too.

Where can you start – sedo.co.uk, afternic.com, ebay.com

10.Freelancing/Virtual Assistant/

How much one can earn from Freelancing? – As high as \$40 per hour to as low as \$0.50 per hour

If you have any skill using which you can offer services online then freelancing is for you. Many professionals have taken to internet to earn some extra income. Internet is full of people looking for somebody to do something as complex as developing a software or something as simple as data entry for them. There is no dearth of job for freelancers online.

To know more about how to make money from this technique read my post - <http://www.shashankgupta.net/how-to-make-money-online/>

SNAPSHOT
